A thesis submitted for the degree of Doctor of Philosophy

September 2024

Statement 1

This thesis is being submitted in partial fulfilment of the requirements for the degree of Doctor of Philosophy (PhD)

Signed (candidate) **Date**

Statement 2

This work has not been submitted in substance for any other degree or award at this or any other university or place of learning, nor is it being submitted concurrently for any other degree or award (outside of any formal collaboration agreement between the University and a partner organisation).

Signed (candidate) **Date**

Statement 3

I hereby give consent for my thesis, if accepted, to be available in the University's Open Access repository (or, where approved, to be available in the University's library and for inter-library loan), and for the title and summary to be made available to outside organisations, subject to the expiry of a University-approved bar on access if applicable.

Signed (candidate) **Date**

Declaration

This thesis is the result of my own independent work, except where otherwise stated, and the views expressed are my own. Other sources are acknowledged by explicit references. The thesis has not been edited by a third party beyond what is permitted by Cardiff University's Use of Third Party Editors by Research Degree Students Procedure.

Signed (candidate) **Date**

List of Publications

The work introduced in this thesis is based on the following publications.

-

List of Figures

List of Tables

List of Algorithms

List of Acronyms

GPS Global Positioning System

Acknowledgements

Chapter 1

Introduction

Some text goes here...

1.1 Name

Some text goes here too. More text.

1.2 Another

Same applies to all other chapters. You may even include acronyms such as Global Positioning System (GPS).

And this is an example of reference [1].
